HUERTA STILL A SERIOUS PROBLEM

Washington, Nov. 2.—Though every official of the United States government has been cautioned to maintain absolute silence while the plans of the Washington Administration for solving the Mexican problem are worked out, it became known from many well-informed sources today that a supreme effort is being made to bring about Gen. Victoriano Huerta's retirement from the provisional presidency of Mexico.

The success of any plan for a constitutional election that may be proposed, especially in so far as it would contemplate participation by the Constitutionalists, depends, in the view of the United States government, on the elimination of Huerta. Since he promised to turn over the executive power after an election, the American government is now waiting for some declaration on his part.

Should Huerta retire in favor of another there is a possibility that the United States may attempt to compromise the situation through his successor. But if the elections are declared invalid by Huerta, so that he may continue in power, the Washington Administration, it is pointed out, would look upon such a proclamation as an evidence of incapacity of the provisional authorities to conduct an election and might come forth with definite proposals. Just now the future policy of the United States is being quietly and informally made known in diplomatic circles abroad and there are intimations that before many days foreign governments generally will have been apprised of the American attitude. It is unlikely that there will be any publication of the American policy until Europe has been formally sounded out.

What the United States desires, it is believed, is that the Powers shall indicate their support of its efforts to solve the problems so that it may approach the Mexico City Administration in a final effort to secure the elimination of Huerta. The conference at Vera Cruz between John Lind, President Wilson's personal representative, and the Russian, Norwegian and German Ministers, has not been explained here, but it is thought to be a part of the program of enlisting the support of foreign governments.

Senator Bacon, chairman of the foreign relations committee, conferred with President Wilson at the White House late today, but declined to discuss his visit. Asked for his views on the situation in general, the Georgia Senator said the one thing needed to insure peaceful settlement of the Mexican problem was for the governments of Europe to indicate in some positive way that they intended to leave in the hands of the United States the formulation of a policy to be pursued toward Mexico and that they will give the policy their support.

ASKS DAMAGES FOR PERSONAL INJURIES

Oklahoma City, Nov. 3.—Johnnie Jernigan, superintendent of the Nazarene Home in the suburbs of Oklahoma City asks the Superior court to award her \$10,000 judgment against Morr's & Co. and W. S. Maxwell.

The request is made in Mrs. Jernigan's petition filed Saturday and is for personal injuries alleged to have been sustained August 13 when she was struck by an auto truck belonging to defendant company and driven by Maxwell.

Plaintiff alleges that Maxwell was not a licensed chauffeur and that defendant company was cognizant of the fact when it placed him in charge of the machine.

Mrs. Jernigan says that Maxwell, by suddenly turning the steering wheel, caused the truck to run upon her while she was on the sidewalk at the intersection of Main street and the Santa Fe railway tracks. Plaintiff says she suffered injuries from which she will never recover, as she is now 50 years old.

INVESTIGATING MURDER CASE

DALLAS GRAND JURY WORKING ON CLEWS IN FLORENCE BROWN CASE.

Dallas, Tex., Nov. 3.—The veil of mystery and air of secrecy which county and city officials have thrown around their investigations into the murder of Miss Florence Brown are as deep as ever. The city was alive with sensational rumors yesterday, but so far as could be ascertained there were no developments in the way of judicial proceedings, nor was anything made public as to what action may be taken in connection with the recent investigation.

Mrs. Ellie M. Lake, who was detained following her appearance to testify before the session of the grand jury Saturday night, was still being held at the county jail yesterday. Reporters were permitted to see her at that place, but she declined to make any statement or discuss the actions of the officials in any manner.

"I have lived in Dallas long enough for people here to know me," she said "and if they don't know me they will never get acquainted with me through the newspapers."

Further than this she declined to talk about the case or any other matter. She is a tall, slender woman, a decided brunette, and her black eyes snapped as she declared in a determined voice that she did not want to see newspaper men and would not talk to them.

Several relatives and friends of Mrs. Lake called to see her during the afternoon and were admitted by the officers.

Meade Barr, who was brought from the Indiana reformatory because of an alleged confession in the Brown case and who has denied that he confessed or that he killed Miss Brown, was taken back to Waukegan on an interurban car by two Dallas officers late yesterday afternoon. Barr had been held in the Dallas County jail since the conclusion of his hearing before the grand jury Saturday night, but was not called into consultation with officers yesterday. News paper men and all others were refused an opportunity to see or talk with him while he was in Dallas.

Saturday night when Barr was spirited away from the grand jury room in an automobile for the first time after appearing before the jury he was taken in Chief Ryan's automobile through the business section of the city. The automobile was driven past the former offices of Robinson & Styron, where Miss Brown was killed. Officers said that his idea as to the location of streets, buildings and shops showed that he was familiar with the business section of the city.

So far as could be learned there were no sessions of the grand jury yesterday. County Attorney McCutcheon and his deputies were busily engaged in an effort to establish the accuracy of certain theories and probable evidence which they claim to have in connection with the case, but did not announce the results of their efforts.

It is expected that the Grand Jury will meet this morning and some definite action will be taken in connection with the investigations that have been conducted since Barr was brought to Dallas.

Final Hearing in Harvester Suit.

St. Paul, Minn., Nov. 3.—A notable array of counsel appeared in the United States circuit court here today, when the government suit for the dissolution of the International Harvester Company, capitalized at \$140,000,000, came up for a final hearing. The suit has been pending for nearly six years and a vast amount of testimony has been taken. Attorney General McReynolds appeared in court as the principal representative of the government. The Attorney General, according to announcement, was prepared to insist that the stock of the harvester company, if dissolution is ordered, shall be disposed of under such stringent provisions as will make impossible a joint control of the component companies of the corporation at any future time.

We still have some McAlester and Henrietta Coal. Prepare for the cold and rainy weather by ordering now. —J. D. Riland.

DEATH SENTENCE PASSED AT HUGO

Hugo, Okla., Nov. 3.—Death by electrocution was the penalty assessed S. A. Blank of Boswell by the jury before whom he has been on trial for the murder of Mrs. George Webb and two small children near Boswell in October, 1912. The jury returned a verdict of guilty at 3:50 o'clock Saturday afternoon, just two hours after it had retired from the courtroom.

This was the second time the death penalty has been assessed in Choctaw county, the first being in the case of John Buxton, convicted last year of the murder of Clay Pool.

Blank, according to the evidence in the case, shot the woman and her children one evening after he had gone for illicit purposes to the tent where the Webb family lived. He was with Tom Sprangley, Clem Dodson and Henry Dodson, the men leaving Boswell late in the afternoon of October 26.

When they reached the Webb home Blank and Henry Dodson stopped while Sprangley and the other Dod-

son drove on. When some distance away they heard shots.

This was the substance of a confession by Sprangley made before the trial was started to the county attorney. He also testified during the trial. In a preliminary hearing last July Sprangley told a different story but says he did so under threat of death from the other members of the party.

Blank lives near Boswell, has a wife and several children.

ALMOST \$300,000,000 NEEDED TO RUN NEW YORK CITY

New York, Nov. 31.—The budget committee of the board of estimate announced today that it had drawn up a budget calling for only \$192,995,551 for New York city's housekeeping expenses next year.

Although this is an increase of \$284,000 over the budget for 1913, it shows the smallest increase of any budget for many years. As a rule, the yearly increase has been about \$10,000,000. The committee estimated the general fund of the city at \$42,500,000 indicating that the tax rate for Manhattan might be reduced next year from 1.81 to 1.77.

Hundreds of people read the News Want Column and read it every day. Take advantage of this service.

business men irrespective of party will vote for Foss because of his challenge by word and deed to organized labor.

The possibility of Foss cutting into the Democratic vote has given courage to Gardner and Bird, the Republican and Progressive candidates, respectively.

The campaign has been conducted almost wholly on state issues. At the same time the election is of national interest, chiefly because the future of the Republican and Progressive parties must be tremendously affected by the results.

With former President Roosevelt far away from the country the ability of the Progressive party to stand alone is put to its severest test. A good showing at the polls will augur well for the future of the new party. On the other hand, a marked falling off in the Progressive vote will be interpreted far and wide as evidence of the temporary character of the third party and will have an important bearing on the situation involving the congressional campaign of next year, not to speak of the presidential contest in 1916. With a full realization of the importance of the campaign in this respect, both Republicans and the Progressives have brought their leaders of national prominence into the contest.

If the Democrats win under the circumstances it will not be a matter of tremendous import, for the Democrats have been electing their gubernatorial ticket with considerable regularity for some years past, rock-ribbed as the old Bay State has been supposed to be in its Republicanism.

In view of the fact that Mr. Walsh is not committed to an endorsement of President Wilson, his victory could not, therefore, be regarded as a vote of confidence for the administration leaders would immediately put out the statement that the defeat of Walsh was in no sense a rebuke for the President, because national issues were not involved, but rather that it was a rebuke of the Democratic ring for refusing to endorse President Wilson.

the patriotism and virtues of Huerta, whom Wilson will not recognize. Evidently many thousands of copies of this sheet are going out to papers and citizens of the U. S., but we have a notion that it will not have much effect on public opinion, regarding the Mexican situation.

Mrs. Pankhurst glories in the lawlessness of the suffragettes of England and is very much overjoyed to learn that a band of her followers attacked the prime minister with dog whips, but she advises her American sisters to use gentler methods. Evidently she trusts the natural gallantry of the American man more than she does that of an Englishman.

THE BATTLE IN MASSACHUSETTS

Boston, Mass., Nov. 3.—A large question mark symbolizes the political situation in Massachusetts at the close of the annual state campaign today, and the answer of the voters to the inquiry who will be governor, which is to be decided at the election tomorrow, is awaited with an interest surpassing that felt in the Bay State in a long time.

Seven candidates are contesting for the governorship. Governor Eugene N. Foss, now finishing his third term, is seeking re-election as an independent candidate. The Republican nominee is Congressman Augustus P. Gardner, well remembered as one of the leaders of the insurgent movement against Speaker Cannon. The Democratic standard-bearer is David I. Walsh, the present lieutenant governor, Charles S. Bird, a millionaire manufacturer of Walpole, who heads the Progressive ticket, completes the list of those in the running. The Prohibition, Socialist and Socialist Labor parties have named candidates, but they are not expected to figure conspicuously in the results.

The six parties have candidates for all state offices, but the Democratic and Republican are the only ones that have candidates in all the senate and representative districts. In some of the representative districts the Progressives have endorsed the Democratic candidates.

The independent candidacy of Governor Foss, who filed his nomination papers only an hour before the legal time limit expired, complicated the situation to such an extent as to render all forecasts of the election results little better than guesswork.

With the Republican party split, Walsh, the Democratic candidate, was generally picked as an easy winner before Foss got into the race. But it is difficult for disinterested observers to escape the conclusion that a man who has been three times elected governor of the Democratic party and who runs as an independent because he had a falling out with the party "machine," among other reasons, will not draw a large number of Democratic votes away from the regular nominee of that party. It is considered likely, moreover, that many

KILLINGS IN SEMINOLE

DEPUTY SHERIFF AND TWO NEGROES KILLED WITHIN 24 HOURS.

Wewoka, Okla., Nov. 2.—Three killings within the past twenty-four hours is the record of Seminole county Sunday night. The dead are Deputy Sheriff John Dennis, Peter Carolina, a negro, and an unidentified negro. Dennis was killed while attempting to arrest John Cudjo, negro murderer, south of Wewoka Saturday. Carolina was killed by a member of the posse seeking Dennis' slayer, and the unidentified negro was killed in the northern part of the county by Charles Battle, negro.

Poses of citizens assisting officers with bloodhounds are scouring the little river district in Seminole county in a hunt for the negro, Cudjo, who shot and fatally wounded Deputy Sheriff Dennis. The trail has led the pursuers into the bottoms of Little river, where the hounds secured from the state penitentiary of McAlester, are having trouble in keeping to the murderer's tracks.

Wanted for Murder.

John Cudjo, who has been a fugitive from justice ever since a murder

was committed in McIntosh county one year ago, was located at his home south of Wewoka Saturday. Deputy Sheriff John Dennis, in company with Deputy Sheriffs Harvill and Brinsfield, sought to arrest him.

As the officers approached the Cudjo house they saw the fugitive standing on the porch. Dennis stepped up to tell him he was under arrest. As he spoke Cudjo opened fire with a .45 caliber revolver. The heavy bullet struck Dennis in the left hip, penetrated the left leg and entered the right. The femoral artery in each leg was severed and Dennis fell to the ground. He died an hour later from the loss of blood.

As Dennis fell Harvill and Brinsfield fired at the negro, who turned and ran. Dodging and running at top speed the negro fled through the hail of lead from the officers guns and escaped into the Little river bottoms.

Sheriff McEwan of McIntosh county and Officers Rich Owen of McAlester arrived Sunday night to assist in the pursuit of the fleeing negro. Citizens armed themselves and formed a posse to assist the officers.

Beat Negro in Gun Play.

As the posse was searching for Cudjo Sunday evening four negroes were met in the road in the Little river district. Peter Carolina, one of the negroes, threw down his gun in line with Deputy Sheriff Wiseman. Officer Owen commanded the negro to drop the gun. He turned and attempted to point his weapon at Owen instead, when that officer fired, shooting Carolina through the heart.

Two six-shooters and a bottle of whiskey were taken from the negro's body. The other three were placed under arrest and the posse continued the hunt for Cudjo.

Another killing was added to Seminole county's already large list Saturday night when Charles Battles, negro, shot and killed another negro in the north part of Seminole county.

Officers from Ada spent a good part of Sunday looking for the negro, Cudjo, it being thought that he was headed this way. About 5 o'clock in the afternoon they arrived at the Katy section house between Ada and Tyrola and were told that a negro with a gun had passed just a few minutes before and was heading for a hollow a short distance away. They followed his tracks about a mile but finally lost the trail.

NEW DEMONSTRATION AGENT FOR PONTOTOC COUNTY

F. F. Ferguson, district demonstration agent for eastern Oklahoma, was in the city today on business for his department. He stated that a Mr. Ellis, who has been working in Wagoner and Muskogee counties, will probably be appointed to the position of agent for Pontotoc county in place of A. L. Kennedy, who resigned two months ago. After he arrives and looks over the field the appointment will be definitely settled.

DISTRICT COURT WILL GRIND TUESDAY

District court was called this morning but nothing will be done until Tuesday owing to the fact that the three killings in Seminole county Saturday night and Sunday made it desirable that Judge McKeown come there at once.

1770—British squadron defeated an American squadron in battle of Penobscot Bay.

1789—The French Revolution commenced with the destruction of the Bastille in Paris.

1804—Russia refused to recognize Napoleon as emperor of France.

1819—Aubaine, a right of French kings whereby they claimed the property of every unnaturalized stranger who died in the country, was finally annulled.

1823—The Crystal Palace, in New York city, was opened by President Pierce.

1861—Nathan Appleton, member of Congress and one of the founders of Lowell, Mass., died in Boston. Born in New Ipswich, N. H., Oct. 6, 1779.

1862—Congress voted to admit West Virginia to the Union.

1878—The British occupied the island of Cyprus.

1902—The famous Campanile of St. Mark, at Venice, fell.

1912—K. K. McArthur of South Africa won the Marathon race, the leading feature of the Olympic games at Stockholm.

REPUBLICANS FAVOR

EARLY CONVENTION

Oklahoma City, July 14.—The plan suggested some time ago by State Chairman Arthur H. Geissler for the holding of a republican national convention early next spring was endorsed by the executive committee of the republican state committee in session at the Skirvin hotel Saturday. Resolutions favoring the plan as suggested by Mr. Geissler in a telegram to National Chairman Charles D. Hilles on May 23 were passed by the committee and will be presented by National Committeeman James A. Harris at the next meeting of the national committee which will be held sixty days after adjournment of congress.

HARRIS CASE GOES TO TRIAL

The case of Leslie O. Harris, charged with killing Charley Braddy some fifteen months ago, was called in district court this morning and went to trial. At 3 o'clock the jury was being empaneled and will probably be completed by the time this paper is in the hands of its readers.

Having been employed to defend Mr. Harris at the time of the tragedy, the county attorney is disqualified in the case. The state is represented by J. W. Bolen and A. M. Croxton, deputy county attorney. The defense is being conducted by Leslie Maxey and T. P. Holt.

PROSPERITY REIGNS

AT FITZHUGH

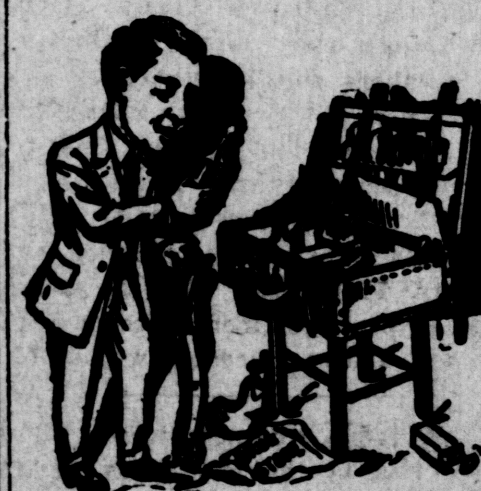

A. S. J. Cartwright, the well known druggist of Fitzhugh, was an Ada visitor today. He reports conditions flourishing in his community. A good crop of small grain is being threshed and over \$10,000 worth already shipped out. He states that O. A. Holloway made the best wheat crop he has heard of, the yield being 35 bushels per acre. A. K. Ellerd leads in oats, his crop making 62 bushels per acre. Cotton is doing fine and a fair crop of corn will be made. Some five or six cars of potatoes will be shipped.

PLOT TO KILL

HUERTA DISCOVERED

City of Mexico, July 13.—A plot to assassinate President Huerta, Gen. Felix Diaz and Gen. Blanquet, the war minister, has been frustrated by the arrest of a deputy and ten other men of prominence.

It is said the intention was to use bombs at some opportune moment when these officials were driving through the streets.

PUT IN YOUR VACATION GRIP

an outfit of our toilet aids. You are not likely to get as good where you are going. We suggest shaving soap, powder, a bottle of toilet water, with the necessary brushes, etc. Don't put off getting them. Come buy them now. Then you'll not have that to think of again.

ADA DRUG CO.

Linen Shower.

In honor of Miss Alpha Sledge a bride-to-be, Miss Fannie J. Allen entertained with a linen shower Tuesday afternoon. After an interesting contest the guests were invited into a room in the center of which was an improvised rustic well built of cobblestones and covered with vines and moss. In the bottom of the well hung

an immense basket, filled with hand-worked linen, suspended from a little pulley and was drawn up by the honoree.

A pretty toast to the bride was given by Mrs. Neathery to which the bride very gracefully responded.

Miss Gertrude Thompson gave the toast to the groom.

A delicious salad course was served to about sixty-five guests.

The guests of honor wore a handsome gown of terra-cotta crepe meteor and a black hat with terra cotta plumes.

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradford Regulator Co., 159 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

Nat C. Goodwin as "Fagin" in "Oliver Twist."

At the DeSota Theatre on Monday Nov. 10 will be shown the recently made motion pictures of Nat C. Goodwin as the grim, sordid "Fagin" in Dicken's story of "Oliver Twist." Mr. Goodwin has made his own dramatic version of the play, using earlier acting versions, but relying chiefly on the one used by Beerbohm Tree in London. This version gives marked prominence to "Fagin," the "fence" and instructor of thieves and also emphasizes the humorous side of this uncanny personage. In this picture will be noticed all the famous artists comprising the all-star cast which assisted Mr. Goodwin in the presentation of "Oliver Twist" at the New Amsterdam and Empire Theatres during the all year run in New York. Owing to the prominence of the famous artists employed in this picture, the entertainment rises far above the ordinary motion picture exhibition, creating as it does a distinct epoch and placing it on an equal footing with the loftiest form of dramatic entertainment as given in the metropolitan theatres at the very highest prices of admission. Notwithstanding this fact, the pictures will be shown in this city for fifteen and twenty-five cents and for ten and twenty cents at the matinee. The present outlook indicates that local amusement seekers will take advantage of this unique and interesting performance. It will, doubtless, be the last and only time that we shall see Mr. Goodwin apparently in the flesh.

"In the Bishop's Carriage." On Wednesday and Thursday, "In the Bishop's Carriage," in which Miss Mary Pickford is presented, will be seen for a return engagement, the play having been so popular when shown before that Manager Tom Finnegan arranged for two more days of it at the Hippodrome.—Dallas News, Nov. 2nd.

Ralph Reed and wife of Forum were here Sunday to attend the funeral of Mr. and Mrs. Chilcutt's little child.

THE HOME OF COURTEOUS TREATMENT

FRAIL, WEEKLY CHILD

Made Strong by Vinol.

So many cases like this are coming to our attention for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity we publish the following letter:

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol, and we noticed a change in him from the very first. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol."

This is because the child needs the strengthening cod liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give back your money if Vinol does not benefit.—Gwin & Mays Drug Co., Ada, Okla.

P. S.—For rough, scaly skin, try our Saxo Salve. We guarantee it.

Unmasked.

"Why, Bridget!" exclaimed the mistress of the house to her servant, "no you're not going to leave me after all? Why did you decide not to marry the coal man?" "Well, I saw him yesterday for the first time with his face washed, and you've no idea, mum, how homely he is!"

No Infallibility.

Dictionaries are like watches: the worst is better than none, and the best cannot be expected to go quite true.—Samuel Johnson.

Ten Years of Panama Republic.

Panama, Nov. 3.—The Republic of Panama today began celebrations in honor of the tenth anniversary of its independence from Colombia. With the water already turned into Culebra Cut, and the final completion of the great canal in sight, the celebration will be carried through the entire week and is expected to be more brilliant than in any previous year. Today was observed as a public holiday by all classes. Crowds of Americans joined in the festivities with as much enthusiasm as was displayed by the native residents of the republic.

ROSS-BUTLER

Saturday afternoon Mr. Robert Ross of Tupelo and Miss Lassie Butler of Francis, were married at the county judge's office, Justice H. J. Brown officiating.

Why the Third Place?

Mrs. Duff (to new maid)—"But, Mary, there are only two in the family, Mr. Duff and myself; why have you set places for three?" The New Maid—"Sure, ma'am, it was the cook that told me you had a planer player in the house."—Harper's Weekly.

Wherein He Was Wrong.

"Gaddersly might have been a success in life but for one thing." "And what is that?" "A mistaken impression; he has held for many years that his presence adds dignity to a street corner."—Birmingham Herald.

Accounts Transferable.

A couple of pickpockets had been following a rich-looking man for some minutes, when they saw him enter a lawyer's office. "What shall we do now?" asked one. "Wait for the lawyer," replied the other. "He'll have the swag and the other fellow the empty pockets."

Deduction.

Personally we do not pretend to be much of a hand at reading character, but when we see a young man carrying a pair of kid gloves in one hand and a cane in the other we know he isn't looking for a plowing job.—Galveston News.

Card of Thanks.

To our friends who assisted us so faithfully, extended so many marks of sympathy and sent floral offerings, during the time of illness and death of our little daughter, we desire to express our sincere thanks and deepest gratitude.
Mr. and Mrs. M. R. Chilcote.

Six-Day Bike Race in Boston.

Boston, Mass., Nov. 3.—The first six-day bicycle race of the season was inaugurated in the Boston Arena this afternoon, when ten of the best balanced teams ever entered in a similar contest in this section began the grind that will continue ten hours a day until next Saturday night. All of the contestants are veterans of the six-day racing game. The Australian contingent is an unusually large one, including Jackie Clarke, Paddy Hehir and half a dozen others. Among the well known American riders who will strive to bring home the bacon are Champion Joe Fogler, Eddie Root, Jimmy Moran, Iver Lawson, Fred Hill and Elmer Collins.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush kidneys and neutralize irritating acid.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist; and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
(Adv.)

SNYDER FOR THE BOOSTER EDITION

Petersburg, Ind., Oct. 31, 1912.
Editor News, Ada, Okla.:

I note with interest from your weekly paper that your special edition will go to press at an early date. I shall anxiously await a copy of same to reach my desk. While I have some knowledge of the growth and merit of your city and county, I am more than anxious to learn more about Ada and Pontotoc county, as I have watched the growth of your city and county for the past seven years and know by my personal observation that Ada is a prosperous, growing little city and is an ideal home place to live, and that many opportunities are still open there for business and manufacturing interests of various kinds, also that your county offers unlimited opportunities to the man who is looking for investments in cheap fertile agricultural lands with untold opportunities for the farmer who owns no land and desires to rent.

I have watched the growth and development of your city under favorable and unfavorable conditions and in spite of drawbacks which confront the building of every new city in a new country and the developing of its agricultural lands surrounding your city and county is one that has made rapid development. I have witnessed the building of a large number of your substantial business houses. I have watched with interest the many beautiful homes that have been built all over your city. I have seen your public school buildings erected and your state normal, all of which would be a credit to a city of 20,000 people. Yes, I have seen the coming of the third rail road to your city, the coming of the mammoth cement plant and other manufacturing industries all of which Ada's citizens have reason to be proud of.

And this is not all that I have witnessed. I have seen the construction of your sewerage system, the building of your cement sidewalks, the putting down of your paved streets, the installing of your new water works which supply your city with an inexhaustible quantity of the best and purest water to be found in your state, and no other city dare deny it. I do not say these things about your city and county from a self interest standpoint for I am not fortunate enough to be the proud owner of any real estate either in your city or county, but have seen a great deal of the new part of your state and can honestly say I consider Ada and Pontotoc county the most attractive locality I know of in the new part of the state of Oklahoma for new comers to build a profitable business or for a pleasant home place that I can call to mind, and I now forecast that Ada will reach a population of 10,000 people before your city's growth checks, for you have the location to build a city, you have the transportation facilities, you afford the state educational opportunities, you have the rich sandy loam soil through your county that will grow almost anything one desires to plant and cultivate, and I know from seeing with my own eyes that you still have thousands on top of thousands of acres of rich rolling and table lands as well as numerous rich valleys, thousands of acres of Canadian river bottom lands that have never been disturbed by the plow that awaits the new comer. These lands are too fertile to lie idle much longer with your county's advantages in transportation and present market at home and when once in cultivation will be an increased feeder to Ada's business interest for all time to come.

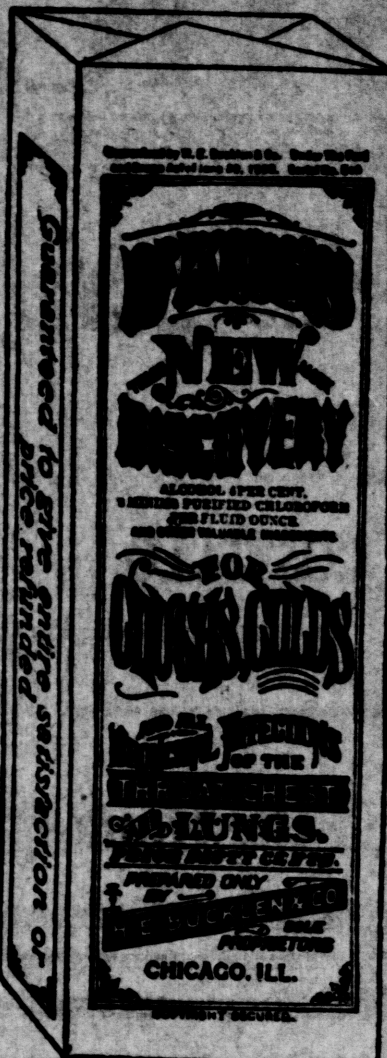

All those who are looking for bargains in such class of agricultural land can yet secure these desirable lands cheap in your county, but the old rule applies, first come first served. I myself am tied up, but my advice would be to those that are not, who are looking for a new location or for a growing investment, to write Ada's Commercial Club for information or better yet, make a trip and personally investigate for themselves, then if I have lied, write me and tell me so. Very truly yours,
H. R. SNYDER.

Centenary of Tallahassee.

Anniston, Ala., Nov. 3.—One hundred years ago today the battle of Tallahassee, one of the bloodiest conflicts of the Creek Indian war, was fought near the site of the present town of Alexandria, northwest of this city. A force of Tennessee mounted gunmen, a command of Gen. Coffee, surprised a large party of Creek Indians in their camp and almost annihilated them. Only five of the attacking party were killed. The centennial anniversary was observed today under the auspices of the Alabama D. A. R. which has also launched a movement to erect a monument to commemorate the battle.

- 1856—The British bombarded Canton and destroyed the Chinese fleet.
- 1868—Gen. U. S. Grant elected President of the United States.
- 1903—Panama proclaimed its independence of Colombia.
- 1912—Turkey appealed to the Powers to intervene in the Balkan war.

To Decide Important Issues in Ohio.

Columbus, O., Nov. 3.—Nearly all of the leading cities of Ohio will hold municipal elections tomorrow, and in addition the voters of the entire state will be given opportunity to pass judgment on several proposed amendments to the State constitution. Most public interest is manifested in the initiative vote to be taken on a bill to prohibit the shipment of liquor into dry territory. An amendment for a small legislature and another to exempt public bonds from taxation are submitted to the voters, also an amendment to shorten the election ballots, as advocated a year ago by all three political parties. The last-named amendment would make the governor and lieutenant governor the only elective state officers, and would give the legislature the power to pass laws conferring home rule on counties.

WEEK OF GOOD WEATHER IN PROSPECT

Washington, Nov. 2.—Clear skies and moderate temperatures are promised by the Weather Bureau to practically the entire country for the next few days.

"With the exception of a little rain and snow early in the week over the extreme Northwest and the middle and southern districts from the Rocky Mountains westward," said the weekly bulletin tonight, "generally fair weather will prevail over the country until the middle of the week, when another disturbance will occur over the far Northwest, bringing with it some rain and snow and probably that will extend eastward over the Missouri and upper Mississippi valleys and the greater portion of the Lake region by the end of the week, mostly as rain.

"In the Atlantic and Gulf States, the Ohio valley and the Southwest, fair weather will continue, and fair weather also is indicated in the Northwest and extreme West after the middle of the week.

"Temperatures will rise early in the week over the central and the interior eastern portions of the country and will fall somewhat in the Middle Plateau, but unusual extremes of temperatures are not indicated at present for any portion of the country."

If you have rooms to rent, place a want ad in the Evening News.
